

Jesus Heals Jairus' Daughter Luke 8:40-42, 49-56

Here's what happens...

Jesus promises to go with Jairus to heal Jairus' daughter, but he gets distracted. During the delay, Jairus' daughter dies. But Jesus promises that she'll be okay and sticks to his word as he brings the girl back to life.

Bible Point:

Jesus is dependable,
so we're dependable.

*"For the word of the Lord holds true, and we can trust everything he does"
(Psalm 33:4).*

Family Together Time

- Have family members each think of things that others depend on them for. For example, kids might depend on parents for food, and parents might depend on kids to help with chores.
- Add things you depend on each other for if someone forgets something.
- When someone shares something, those who depend on that can share why it matters to them.
- Promise each other that you'll be dependable all week. Keep your promises, and practice being dependable. Remember, people are counting on you!

Talk About This...

- What's something you can always depend on another family member to do?
